RACHEL CAMPBELL JOHNSTON, *THE TIMES*, APRIL 18, 2020

Tom Hammick *Voyage North*, edition variable reduction woodcut, 2012

Let your imagination lead you on a voyage as the Lyndsey Ingram gallery in London launches the first of a series of online shows. Tom Hammick is a renowned colourist. His woodcuts, clear, bold and strong, invite you to places that, although imbued with romantic exoticism, seem in some mysterious way also deeply recognisable.
